Jessie from FedDev is going to reach out

They have an Ottawa proposal to discuss. After you've spoken with her let's chat!

Just read the proposal. She hasn't reached out to me but can chat if you'd like.

Reviewed the proposal again. I agree that it's probably the best option we have. Will do the check ins on my side and revert soon.

Hey, got a few mins to connect?

Not until later. What's you

What's up*?

About FedDev's proposal. Freeland seems ok with doing something (which you may have already heard). Some questions still remain with FedDev but we should probably touch base in the evening
